WELCOME MESSAGE

Dear All,

It is a matter of immense pride and honour to announce that Kolkata Metro city branch of ISA is organising its annual conference on 6th and 7th of July 2023 at Tata Medical Center, Kolkata, West Bengal.

On 6th of July we have planned two extremely important workshops for postgraduate trainees, fellows, registrars and practising anaesthesiologists. First workshop is cadaveric ultrasound guided regional anaesthesia workshop which will be held at Chittaranjan National Cancer Institute, Kolkata. And the second workshop will be on POCUS and the venue will be Tata Medical Center, Kolkata. Both the workshop are having eminent national and state faculty in the irrespective areas and the delegates will get ample hands-on experience.

7th of July we will be having a whole day conference at Tata Medical Center, Auditorium at Premashraya. We have planned excellent plenary sessions, interesting debate, panel discussions equally relevant to both trainees and practising anaesthesiologists. We are striving hard to ensure that this conference is going to be useful and memorable to all the attendees.

Counting on your support, enthusiasm and fruitful participation, we are excited to have you all along our side. On behalf of the organizing team, we look forward to sharing and interacting with our colleagues across the city of Kolkata and state of West Bengal for a memorable experience.

Regards,

Dr Rakhi Khemka
Organising secretary
